When the system is disordered and vitality is lacking, the blood is usually found to be deficient in iron. The ordinary forms of the iron are hard to take, because it injures the teeth and deranges digestion. In

### Our Beef, Iron and Wine

you get iron at its best. The form used is perfectly soluble and absolutely harmless. It is acceptable to the stomach and passes at once into the circulation. Try this "best of all" tonic for any down condition of the system.
